Project 1 status report 1

TA Mentor: Haewon Hwang (hh474)
Team Members: Josh Zheng (zz459), Val Mack (dgm97), Jiangjie Man (jm2559)

What we have done:
All

- Completed Team Contract
- Emailed Team Contract to Haewon Hwang (hh474) on Fri 2/17 10:37AM
- Set up GroupMe and Google Drive
- Started Github Repo

What we will accomplish:
All

- Find potential datasets to use
- Vote on a dataset for the project
- Brainstorm ways to use and display the data
- Set up initial website file organization

Group Procedures

What sort of people are we?
Josh

- Always finish assignment half week earlier
- Want to learn more through this project
- Good at brainstorming
- Have experience on creating data visualization dashboards (using Power BI)

Jiangjie

- Finish homework on time
- Have experience in programming (Java, Python, etc) and data visualization
- Worked with Facebook Graph API (Python scraping)

Val

- I finished the last homework assignment the Thursday before it was due.
- Like to start things early and have a good plan for getting it done.
- Ok cramming if we need to.
- Goal is to get an A on the project.
- Experience with Python scripting/scraping, pandas visualizations, and web development
